Hitchcock's Combination Suction and Force Pump!

FOR SALE, a new kind of PUMP—suction and force—different from any thing now in use, for durability, &c. You can draw water from a deep well and force it to any part of your building at the same time, in case of fire or any other exigency. You can have it with or without the forcing part. Any person, with a jack-knife, can do all the repairing that it will need for twenty years, as it will not get out of order and is not liable to freeze up like other Pumps. It has received the first premiums at four State fairs, and numerous county fairs.

It may be examined at the Tin Shop of P. B. MILLS, Exchange street, Bangor, where I shall remain for a few weeks. Town rights for sale.

R. H. SMITH.

ROBERT L. PATTERSON, President.
JOEL W. CONDIT, Vice President.
BENJ. C. MILLER, Secretary.

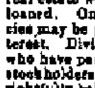

Such times as the present should cause every business man, with a family dependant upon him, to consider what the condition of those he loves, might be should he be suddenly taken away by death. All can now fully notice the uncertainty and instability of fortunes made in business. The millionaire merchant of yesterday is to-day the insolvent debtor. To guard against such reverses let every man insure his life for the benefit of his family, which insurance cannot be disturbed by his creditors. The Mutual Benefit Life Insurance Company offers security and advantages not surpassed by any institution in the country—its investments are in first bonds and mortgages on real estate worth more than double the amount loaned. One half of the Premium on Life Policies may be paid by note bearing 6 per cent. interest. Dividends are declared annually to those who have paid two Life premiums—there are no stockholders to take any of the profits which rightfully belong to those who are insured for life.

Prospectuses, statements and applications will be furnished (without charge) and all information desired will be given by the undersigned Agent.

N. B. Persons residing in any portion of the country, desirous of insuring their lives, will be supplied with all the necessary papers and with minute instructions to enable them to make applications by addressing the undersigned.

BENJ. PLUMMER, Agent, Bangor.
my5

FOR SALE,

One of the most beautiful situations in this part of the country.

The valuable Real Estate in Brewer formerly owned and occupied by J. B. Hayes, Esq., 3-4 of a mile above the Penobscot Bridge, consisting of about twenty acres of choice land, commanding a view of nearly the whole city of Bangor, and comprising, in part, the site for Factories contemplated under a charter of the Legislature of Maine, on which land is a large and commodious dwelling-house, wood-shed, barn, carriage-house, &c.; good well of water, a large number of grafted apple and plum trees, of choice varieties, part of which are in bearing.

Terms—One half cash on delivery of Deed, the remaining one half in three equal annual payments, with interest, secured by bond or notes, and mortgage on the premises. A perfect title given. For further particulars apply to

☞REMOVAL.

United States and Foreign PATENT AGENCY.

SAMUEL COOPER, Late Principal Examiner of Patents in the United States Patent Office, at Washington, HAS REMOVED HIS OFFICE TO WEBSTER BANK BUILDING, 13 Exchange Street, Boston.

PATENTS secured in the United States, and in all other patent granting countries. Specifications and drawings prepared. Caveats filed. Reconsiderations procured, of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Re-issues and extensions procured, and in general, all business connected with the Patent Office transacted with care and promptness.

British and other foreign patents procured thro' prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials:—

From the Hon. Charles Mason, Commissioner of Patents.

U. S. PATENT OFFICE, Feb. 23, 1855.

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Examiner, and has been in that capacity in constant correspondence and intercourse with the Office. He has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this Office with whom I am acquainted.

CHARLES MASON, Commissioner.

From the Examiners of the Patent Office.

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as to recommend him to [illegible] business in which he is about to engage.

HENRY B. RENWICK, L. D. GALE, R. W. LANE, Principal Examiners.
F. SOUTHGATE SMITH, T. R. PEALE, THOS. T. EVERETT, WM. C. LANGDON, Assistant Examiners.

From long acquaintance and intimate official relations with Mr. Cooper, I fully and heartily concur in the foregoing recommendation in all respects.

WM. P. N. FITZGERALD, Late Principal Examiner of Patents.
Boston, Jan. 12, 1855 3tawly

Safety, Utility and Beauty. New England Trace Coupling Company. STATE RIGHTS FOR SALE.

WE are now exhibiting this desirable invention to the public. The Patent Trace Coupling is an article which needs only to be seen to be appreciated, and universally adopted. By this Coupling the Trace is attached to the whiffletree instantaneously, without soiling the hands, cannot be disconnected by accident; is stronger and more durable than any other attachment now in use, and makes what is so desirable in a fine carriage, an excellent finish.

The Couplings are manufactured of different materials, from the common finish to the finest silver plate, and can be supplied at a lower cost than any thing that is now used for that purpose, leaving a margin for an immense profit. Any person with a moderate capital can soon realize a fortune in its sale.

We are prepared to furnish the Couplings, of the different grades and costs, in quantities as desired, to those only who purchase State rights.

The Coupling may be seen at the office of the Company, where a scale of prices may be obtained, and all communications must be addressed to "THE NEW ENGLAND TRACE COUPLING COMPANY," Basement No. 3, Old State House, Boston.
May 28—2m eop.

THE CRYSTAL OIL LAMP, For Burning the Crystal Oil, Combining Economy and Safety!

PATENT RIGHTS FOR STATES & COUNTIES FOR SALE!

This important invention for producing the cheapest light in the world, is now perfected and offered to the public. Numberless other attempts have been made to produce a cheap light, but were attended with such inherent objections as to destroy their utility and adaption. But the Crystal Oil Lamp, while it is the cheapest, is both safe and agreeable in every position, making a clear, white and brilliant flame, entirely free from smoke or odor. There is no danger from explosion, but is perfectly safe under all circumstances. The oil can be used in any place without fear of soiling the nicest garments. The lamps are simply arranged and perfectly controllable by the children and domestics, and so constructed that the light can be varied in a moment from that of one to eighteen or twenty ordinary lamps. While it is free from the disagreeable smell arising from the Kerosene, and the danger attending the use of burning fluid, it is found upon scientific comparison to produce

As much LIGHT for ONE CENT as Kerosene will for Three Cents, or Burning Fluid will for Six Cents.

Thus saving five-sixths of the entire amount now expended, by the use of the lamp in about a month. They are adapted to all situations, making the cheapest and most desirable light for every place—the largest halls or churches as well as private dwellings. The patent on this lamp for the different States and Counties throughout the Union, with the exclusive sale of the Crystal Oil, is now offered to the public, presenting a rare opportunity for merchants to secure for themselves the monopoly of a trade entirely free from opposition. Facilities are completed for the manufacture of the lamps in such quantities that they will be furnished to the purchasers of rights in any style, at such a cost as will yield an almost incredulous profit. These rights will be closed off immediately, and the lamps and oil delivered as soon as desired. As no lamps or oil will be sold to any but purchasers of rights, all letters making the request will not be noticed. Communications addressed to the "Crystal Oil Lamp Co.," No. 5, Merchants Row, will be promptly attended to.

Crystal Oil Lamp Company, No. 5, Merchants Row, Boston.

HIGHLY IMPORTANT DISCOVERY.

Fousel's Pabulum Vitae Has now gained its position before the public as THE ONLY REMEDY yet discovered for the speedy relief and permanent cure of CONSUMPTION, Coughs, Colds, Hoarseness, Bronchitis, and all other Pulmonary Complaints.

The discovery of an eminent French Physician after many years of study and observation, it continually meets with the most ASTONISHING SUCCESS in the treatment of the above complaints.

Its unabated popularity, numerous certificates of remarkable cures, the recommendation of some of our most eminent physicians, and the analysis of Dr. A. A. Hayes, the State Assayer, all give convincing proofs of

THE UNRIVALLED VIRTUES And Unqualified Superiority

of this preparation to any other remedy now extant, and are constantly enabling us to give it a wider and more enviable reputation. From its volatile nature, it affords vapors freely, and consequently is DIRECT IN ITS ACTION UPON THE LUNGS AND AIR PASSAGES.

The discredit which has been thrown upon all preparations not prescribed by regular physicians, by reason of the recklessness with which worthless and injurious compounds have been imposed upon the public, will tend to deter many from availing themselves of the benefits of this preparation; the agent, however, assures the public in all sincerity, that this medicine is not only perfectly safe, and free from all other deleterious ingredients, but guarantees that it will effect all that he represents, not having heard of a single case where it has failed to give satisfaction.

It is warranted to cure
Consumption by using One to Six Bottles.
Bronchitis by using One to Three Bottles.
Coughs by using less than One Bottle.
Colds by using it Two to Six Days.
Bleeding of the Lungs by using less than One Bottle.
Hoarseness by using less than One Bottle.
Soreness of the Chest by using less that One Bottle.

Price $3 per bottle, accompanied by a Treatise.

For sale by F. J. LAFORME, Sole Agent, No. 5 Milk street, Boston, Mass.

And by all respectable Druggists and Apothecaries in the United States and British Provinces. nov25'57 dly

THE HATCH HOUSE, Main Street, Bangor, Maine.

This House has been thoroughly repaired, refitted, and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.

It is a large, commodious, and well furnished House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & K. Railroad, to and from which Coaches are always in readiness to convey passengers.

Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.

Connected with the House is a large and commodious Stable, in charge of competent and faithful hostlers.

By strict personal attention to the comfort of his guests, the proprietor hopes to receive a liberal share of patronage.

NATHAN PERRY, Jr.
Bangor, Feb. 26, 1856

Agents Wanted.

Second District—at Auburn, August 17th.
Third District—at Rockland, August 13th.
Fourth District—at Waterville, August 18th.

Republican County Convention.

The Republicans of Penobscot County are requested to send delegates, to meet in convention at the City Hall, in Bangor, on FRIDAY, the twentieth day of August next, at ten o'clock in the forenoon, for the purpose of nominating candidates for three Senators, for County Treasurer, Sheriff, Clerk of the Courts, County Attorney, and one County Commissioner; and the transaction of any other business which may be deemed advisable.
By the vote of the Convention of last year, every town and plantation is entitled to one delegate, to one additional delegate for every 25 Republican votes, up to 100 thrown for Governor last year, above 100 one additional delegate for every fifty such votes up to 500, above 500 one additional delegate for every 100 votes.

HENRY E. PRENTISS,
A. W. CHASE,
JOHN J. BELL,
WM. H. WALKER,
A. C. WILSON,
BENJAMIN BALL,
County Committee.

Bangor, August 2, 1858.

Democratic County Convention.

The lion [illegible] of the *unterrified* has been heard, the masses of the Democratic party in Penobscot have been in council, and a calm has succeeded.

Agreeably to the notice published in the Union, the Democrats of Penobscot, by their delegates, assembled in City Hall, in this city yesterday. The basis of representation would have given them a large delegation, besides those usually brought together by such gatherings; but instead of that, after the City Hall bell had been rung vigorously until 11 o'clock, (the Convention was called at 10,) including disinterested democrats, and a sprinkling of curious Republicans, there was assembled the enormous number of nearly

100!

For the benefit of future generations we have secured the list of delegates and present it to our readers. It will be understood, however, that this is not the official list. The delegates were as follows:

Joseph W. Eaton, Plymouth.
Joseph Porter, Lowell.
Asa Smith, Mattawamkeag.
Alvin Haynes, do.
Lewis Barker, Stetson.
George P. Sewall, Oldtown.
Joshua Hill, Hampden.
Deacon French, Corinth.
John D. Prescott, Exeter.
William A. Blake, Bangor.
Moses L. Appleton, do.
Gorham L. Boynton, do.
Hiram Cor[illegible], Carmel,
and 40 others.

The rain of the previous evening had evidently damped the ardor of the Democracy, and there was no enthusiasm displayed, and the whole attitude of the Convention was that of utter hopelessness.

The Custom House clique evidently had the control of the Convention, and although our friends Leavitt and [illegible] were not members, their political agent, Gorham L. Boynton, Esq., protected all their interests and watched carefully that the Administration received no injury from Sewall, Barker, [illegible], and other Douglas democrats, who had managed, by hook or by crook, to secure seats in the Convention.

In the Convention were a few old [illegible] Whigs, but their countenances showed that the ghost of Henry Clay had visited them in their dreams, and that their consciences troubled them without ceasing.

At precisely 11 o'clock the Convention was called to order by John S. Ricker of Bangor, who made, we thought, the very unnecessary announcement that there were plenty of seats, a fact too apparent to pass unnoticed by the least observing.

Jos. Porter of Lowell, was chosen temporary Chairman.

It was then concluded to select Secretaries by nomination.

A voice in the Hall nominated our legal friend, F. A. Wilson, of Bangor. Great enquiries were made for Mr. Wilson. Somebody suggested that Mr. Wilson was not a delegate. Another guessed he was a substitute. It was finally decided that Mr. Wilson was neither a delegate nor a substitute, and the choice fell upon Mr. Grinnell of Exeter, and Mr. Lovejoy of Corinth, who was fortunately found.

The committee on Resolutions was then nominated by the chair (after a consultation with that democrat of nearly two years standing, Wm. A. Blake,) consisting of Asa Smith of Mattawamkeag, Moses L. Appleton of Bangor, Lewis Barker of Stetson, Isaac Dunning of Charleston, Chamberlain of Brewer, John Dow of Plymouth, and Col. [illegible] of Orono.

Notice was subsequently given that the Committee would meet at the Union office.— It was supposed that this was for the purpose of giving Mr. Emery a chance to repeat his State Convention speech, to some of the delegates [illegible], and the reporters at the State Convention forgot to have it printed.— If this supposition is correct, we shall undoubtedly soon have a full report of it published in the Union, with, perhaps, one or two additional speeches.

This was followed by three quarters of an hour of silence, when the Committee on Credentials reported 183 delegates present. The committee evidently made a mistake; they should have said 36, and not 183; but the report was accepted, notwithstanding the astonishment manifested by the dozen or twenty delegates present. The list of names was not read.

At 12 o'clock the Convention adjourned till 2 o'clock.

In the afternoon the whole 36 or 38 assembled, and the following gentlemen were selected a Democratic County Committee:

Cyrus L. Brown, Bangor.
A. D. Atwood, Orrington.
Alvin Haynes, Mattawamkeag.
Joseph W. Eaton, Plymouth.
Thomas Norcross, Charleston.

The candidates for office were not very numerous nor very clamorous, as would have been the case if there was the least possible chance for their being elected; and in that respect the affair passed off harmoniously. The only difficulty seemed to be to find democrats of the right (Administration) stamp, who were willing to become martyrs, and sacrifice themselves. We call them martyrs, because it was generally understood the [illegible] were expected to "stand" for their party.

The following gentlemen were finally brought up to the scratch:

For Senators—Theophilus Stanley, of Hampden; Joshua Palmer, Exeter; Asa Smith, Mattawamkeag.
For Clerk of the Courts—Nathan Weston Jr., Bangor.
For Sheriff—John H Wilson, Bangor.
For County Attorney—John H Hilliard, Oldtown.
For County Treasurer—Mather H French, Corinth.
For County Commissioner—Timothy F[illegible]der, Kenduskeag.

The Chairman of the Committee to count the votes for Senators, declared Mr. Stanley unanimously nominated without [illegible] number of votes which was only sixty-eight. Mr. Barker of Stetson inquired the number of votes thrown. No answer. The inquiry was repeated, when the answer [illegible] came, "Sixty-eight," said Mr. Barker, in astonishment, "I should like to inquire of the Chairman what number of delegates were *reported* present." The denouement was evidently unexpected.

The Committee on resolutions made a report. The resolutions endorse the doctrines of the Cincinnati platform—demand the repeal of the Maine Law and the Nuisance Act, and reaffirm the resolutions of the State Convention.

Mr. Sewall of Oldtown, was then called for. Mr. S. cordially endorsed the resolutions just read. There had been doubts expressed in some quarters as to his democracy, and he had heard whisperings that he had come into the Convention to [illegible] the same effect. It was an awful thing to be turned out of the democratic party. He did not know but one thing that would be worse, and that was to be turned out of the kingdom of heaven." Perhaps some doubted his democracy, because he was appointed railroad commissioner. He did not know that such a commission was to be appointed, or that he was to be the man, and [illegible] that he was under no obligation to the person who secured his appointment. It was entirely unsolicited on his part, and he rather apologized for accepting it at the hands of the Black Republicans. He believed he was selected because he was an honest democrat. The commission was got up, he supposed, to force a connection at Kendall's Mills, and just as soon as the road found there was one honest man in the commission, they were frightened, and agreed themselves, and formed a connection. If they disturbed his democracy, and reviled him, he should rebel like the motto of his father, 'I always keep close to a kicking horse,' and he should stand firm to the party. All the [illegible] he had ever held were given him by the democratic party. Here he showed an immense amount of feeling, and [illegible] one of the gentlest of sighs, and all [illegible] expected would come from the democrats. If the party was defeated he should still be a democrat, and if they were successful he [illegible]. [No one disputed] the speaker on that point; [illegible]. He was opposed to the license law of '56. [illegible] He was in favor of popular sovereignty. [illegible] and not be a slave [illegible] [Leavitt [illegible]] ed a little at this point and [illegible] ness in the party who oppose [illegible]. The democratic party passed resolutions in Portland in '56 that Congress [illegible] the territories, but the party [illegible] would [illegible] that to the point of [illegible], and so the [illegible] adopted the popular sovereignty doctrine. [Quite an honest admission that the democratic party were forced from their principles by the South.] There were some minor differences in the party, [Referring to Douglas,] but they were of no consequence; they were all right on the Cincinnati Platform.

Nathan Weston, Jr., made a few remarks, but short, [illegible] would be got up. Some one proposed three cheers. Two of them were [illegible], but the third died in the throat of the [illegible], and the Convention adjourned.

The whole affair passed off in the lamest manner,—with no enthusiasm,—and the delegates left [illegible] with long faces and heavy hearts.

Nothing speaks more clearly of a man's prosperity in business than the manner in which he advertises.

LOCAL AND MAINE NEWS.

Rejoicings. One hundred guns were fired yesterday afternoon in this city, and the bells rung, to celebrate the success of the Atlantic Telegraph.

Illuminations.—Last evening Bryant's Express Office and the Telegraph Office were illuminated. The success of the Atlantic Telegraph was the cause.

The Joe Pentland Circus is to exhibit in this city on the 19th of August. The papers speak in the highest terms of this Show, and we have no doubt that it will be entirely satisfactory. There is one thing about this Circus, they make no humbug promises about geese, wash-tubs, and Tom Watson.

Tax Payers of Augusta.—There are forty-two individuals and firms in the city of Augusta whose tax exceeds one hundred dollars.— No person pays a tax exceeding $1000. The tax payers over $500 are Water Power Company, James W Bradbury, Albert G Dole, James W North, Henry R Smith, George W Stanley and Reuel Williams. The tax is $11.75 upon every $1000 of the valuation. There is also in the city proper a village school district tax, not included in the above, which is probably $2 or $3 on every $1000, making the rate of taxation about the same as this city.

A New Fireman Wanted.—The Eastern Argus comes to us so miserably, that we conclude it more than half the time. What is the trouble? We miss it.

Commencement at Brunswick.—Notwithstanding the unpropitious state of the weather yesterday, the attendance at the Commencement exercises was quite as large as usual.— The performances of the graduating class were considered very creditable; the music was excellent, and everything seemed to pass off in a manner satisfactory to all concerned.
The degree of L. L. D. was conferred on Hon. Wm. Pitt Fessenden, of this city, and Hon. Jefferson Davis, U. S. Senator from Mississippi; and the degree of D. D. on Prof. J. Smith, of this city.—*Portland Advertiser.*

Rev. H. D. Moore's society in Portland has voted to raise $2 500 in aid of the Theological Seminary in this city.

Bangor. At the Grand Cricket Match, in New York, between the Americans and the Canadians, the Canadians were beaten.

The Canada packet Telegraph was sunk at Cleveland on the 5th.

The Hill mill, Lewiston, commences operations to-day.

Fire.—The house of Dr N. H. Clark, of Farmington, caught fire a day or two since, but was extinguished without much damage.

Fire. We learn by an extra from the Home Journal office, that the Gardiner flour mill caught fire yesterday morning, and was badly damaged in building and machinery, probably to the amount of $5000. It was owned by R. H. Gardiner, Jr., and was partially insured. It was run by J. B. Nutting & Co., whose loss in wheat and flour will be about $3000, which was also partially insured. The custom portion of the mill was not injured, and will soon be in operation.
The fire is supposed to have originated from friction of some part of the gear, though it had been shut down some hours before the fire was discovered.

Missouri Election. St. Louis, August 1.— Incomplete returns foot up the Congressional vote of the district as follows:
Barret, Democrat, 6718;
Blair, Emancipationist, 6123;
Breckinridge, American, 5288.
The precincts in the county to be heard from will increase Barret's majority to nearly, if not quite 700. The whole Democratic county ticket is elected by an average majority of 500.

The new Catholic Church on Park-street, in this city was dedicated last Sunday. It is a very fine house and furnished in good style. The resident priest, Rev. Andrew Barron, is, we hear, doing much to benefit the Irish laboring classes residing among us.—*Rockland Gazette.*

Fire.—The barn of Mr. Harrison Cole, on the road leading from Benton to Hunter's Mills was discovered to be on fire on Tuesday the 29th ult., about 4 o'clock P. M. It broke out in a small quantity of old hay, and could be in no way accounted for. It was burned to the ground, with tools, harnesses, &c., worth over $50. The house was saved with much effort.—*Waterville Mail.*

We learn that a large number of men are now employed in laying the iron on the line of railroad between Bartlett's Corner and East Wilton, and that the road will be completed to the latter place in course of the present month. East Wilton is but little more than four miles from this place, on a comparatively level and easy road.—*Farmington Chronicle.*

Fire in Jackson.—We learn from Mr Chase the Postmaster of Jackson, that on Monday last, the house of Mr Chelsea Wescott was entirely consumed by fire. Furniture mostly saved. Loss about $400—insured for $150.

Teacher Wanted.—We find in the Gospel Banner, the following advertisement, which is comical enough to ensure its gratuitous insertion in our columns:
I am desirous of securing the services of two Male Teachers to teach school the coming Winter. I take this method therefore of making known the fact. If this notice should meet the eye of any man (I mean physical as well as mental) who is willing to teach as well as keep school, I should be happy to see him.
N. B. No person who wears a cane, spectacles, or walks with a cane, need apply, as sufficient instruction from that class has already been had.
H. B. Maynard, Agent.
Kendall's Mills, July 30th, 1858.
There are many other towns that would do well to follow the lead of our Kendall's Mills friends. Schools of late, have been much of [illegible] kept than taught, and we do not wonder that people get tired of useless dandy teachers.

We are indebted to Mr. Snow for late papers, also to Bryant's Express.

Ball and Chain.—In Kansas City, Missouri, a man who is unfortunate enough to get intoxicated, or commit any petty crime, and unable to pay the fine, is punished by being obliged to sit in the public squares with a ball and chain attached to his legs. Such exhibitions are brutal in the extreme, and would not be tolerated a moment in any State where the "peculiar institution" had not established an intense disgust for all persons obliged to labor for a living or guilty of poverty. The slave owners and drivers regard the poor white laborers as the "mud-sills" of society, and treat them accordingly.

Atlantic & St. Lawrence R. R.

The Annual Meeting of the Stockholders of the Atlantic & St. Lawrence railroad was held at the City Hall, Portland, at 10 o'clock A. M. Tuesday.

B. F. Smith, Esq., President, took the chair, and read the report of the Directors and Treasurer, &c., which were adopted. From these it appears that the whole amount of stock standing on the books of the Company June 30, 1858, is $2,494,800. The funded debt of the Company is as follows:

City of Portland Bonds loaned to the Railroad Company	$2,000,000
Bonds of the Railroad Company dated April 1, 1851, on fifteen years, exclusive of those pledged to the City of Portland as collateral	988,000
Bonds of the Railroad Company dated Nov. 1, 1844, on 20 years, payable in Sterling currency	584,000
Notes payable before mentioned	9,000
	$3,481,000
Amount of Share Capital	2,494,800
	$5,976,800

The amount of the two Sinking Funds July 1, 1858, is $216,106,53

The investments are as follows:

City Scrips of the Railroad loans	$97,500,00
Mortgages of Real Estate	126,175,82
County Securities	21,000,00
Premium Account	674,17
Cash	1,253,03
	$246,105,53

The Grand Trunk Road is completed to Stratford, 114 miles from this city; from Richmond to Quebec, 96 miles; from Quebec to St. Thomas, 49 miles, from Stratford to St. Mary's 10 miles, thence to London 22 miles, will be completed and in use in a few week, connecting the Grand Trunk with the Great Western. The extension of the Grand Trunk from St. Mary's to Port Sarnia, at the foot of Lake Huron, and opposite Port Huron, 74 miles, is under contract and expected to be completed in the Autumn of 1859.

The Railroad from Detroit, to connect with the Grand Trunk at Port Huron, 53 miles, will be completed in the fall of 1859, giving a direct and independent connection with the Western States. Loaded cars for and from Upper Canada are now ferried across the St. Lawrence river at Montreal. This does away the necessity of unloading and loading through goods. Wharves and warehouses, for the accommodation of the Leviathan, are completed.

The Montreal Ocean Mail Steamers, to and from Liverpool and this Port during five months of the year. It has proved the best line crossing the Atlantic.

The work upon the Victoria Bridge goes on very successfully. The abutments and fifteen of the twenty-four piers are finished. The foundations for eight more of the piers are in, and several of the iron tubes are in place, and several more will be put up this season.

Of the Capital Stock paid in;

11,201 shares in Federal currency of 100 each	$1,120,100
2,636 shares Sterling currency of £100 (488) each	1,372,624
136 fractional share rights $16 of each convertible	2,176
Total	$2,494,900

337 sterling shares, equal to $187,308, have been issued, by conversion, during the past year.

The total indebtedness of the Company is $3,481,671,71. Interests and dividends are regularly paid.

The Annual reports were accepted.

The following gentlemen were elected Directors for the ensuing year:

St. John Smith, John B Brown, Charles E Barrett, Phinehas Barnes, John M Wood, George F Shepley, Rufus E Wood, Solomon H Chandler, James L Farmer.

British Colonization in North America. In the debate in the British Parliament on Mr Roebuck's proposition to abrogate the privileges of the Hudson's Bay Company, some very interesting views were expressed by leading English statesmen relative to the importance of colonizing British North America, and as to the effect of emigrating thither from the United States. Mr Roebuck uttered the following language:

"The present state of the North American continent was a matter of great interest to England. That continent was divided among three possessors. The Southern and most important portion belonged to the United States of America, which ran up to where they met the domain of England, which stretched from the Atlantic to the Pacific. England possessed the larger part of the continent, and proceeded northward until it reached upon its western frontier the territory belonging to Russia. We heretofore had planted colonies in the southern division that he had named. We had planted thirteen colonies in that country; these colonies had declared their independence, and had since risen to the number of thirty-five or thirty-six free States. We had created a power there, which, if something were not done by England as a counterpoise to the United States of America, would overshadow not only England, but the earth. He believed that in the northern part of the continent we had the means of establishing the counterpoise we sought. If England would carry out a systematic course of colonization upon that portion of the continent which now belonged to her, she would enable the world to resist what he believed would otherwise be the predominant power of the Anglo-Saxon race now established in the United States."

Lord Bury said:

"Much had been said about the colonizing tendencies of the Hudson's Bay Company, but he would invite the house to consider what was the fact. There was an astronomical boundary, south of which was to be found a teeming population, while north of that line the country was, in respect to population, a desert. Every year the population of the United States advanced northward, and very soon would overstep the line which marked the commencement of the British territory. When that happened the hard-headed American farmer would not stop to enquire whether he was on British or American soil, but he would miss the protection of American laws, and would demand to be placed under their safeguard. He believed that there was far more danger of difficulty from this source than from any Central American question."

Sir E. Bulwer Lytton, the Colonial Secretary, took a different view of the matter. In discussing some objection raised to the scheme of colonizing the country, he remarked:

"The second objection is that such a colony would not be peopled by Canadians; that, owing to the easier access from the American frontier, the majority of emigrants would be Americans. This objection does not alarm me. In the first place, though the emigrants come from the American territory, as the readiest access, it does not follow that they should be all Americans. Probably a large number of our own countrymen, especially the Scotch, would flock there as well as Americans, and as far Americans, once settled as British colonists it is probable that they would soon identify their national feelings and interests with the land in which they lived, and the conditions of the imperial government. It has been so already in Canada. It would be so at Red River, because all history teaches us how soon, if at all of kindred race, take, as it were, the stamp and color of the land in which they settle. We, in this country, are an instance of that truth. No less than sixteen counties in this kingdom were given up to the emigration of the Danes, and probably the greater mass of the population in these counties, such as Yorkshire, Lincolnshire, are of Dutch origin to this day." Yet in a very short time they became as heartily English, and as hostile to the Danes of the Baltic, as the Anglo-Saxons of Kent. Nay, even the Normans, despite their pride as a conquering race, despite the difference of language, became in the third generation as strongly English and anti-French in their national feelings as if they had been Saxon Thegns. In short, no matter where men come from, place them in ground covered by the British flag, overshadowed, though at a distance, by the mild British sceptre, and they will soon be British in sentiment and feeling.

Lord John Russel expressed similar sentiments. He said:

"For my own part I agree with the right honorable gentleman that we shall have in the territory with which we are called upon to deal, colonists attached to the institutions of this country—attached even to her name—(Hear, hear.) We shall have there none of those difficulties to encounter, which arise from the endeavor to assimilate different races. We shall not be called upon to blend the Norman with the Dane. Those who are destined to be the future occupants of that country will be men speaking our own language, conversant with the language, accustomed to the habits and ways of England."

Starving Paupers. It seems that the system of starving paupers has not gone out of vogue in the old country. The following is given by a country overseer, in a communication to the Liverpool Mercury, as the daily dietary for an ordinary able bodied adult male pauper in one of the Irish workhouses, viz: Boyle:

Breakfast—Eight ounces of Indian meal and three noggins of buttermilk.
Dinner—Fourteen ounces of brown bread and two pints of oatmeal gruel, or half a pint of sweetmilk.
Supper—None!

This may be enough to keep body and soul together, but certainly not an ounce too much. Under such a starvation treatment as the above, is it to be wondered at that pauperism is reduced in Ireland? It is true the reduction in that country has been most extraordinary, namely, from 620,000 in 1849 to 65,000 in 1857, or a proportion of one pauper in 100 of the population of Ireland; whilst at the same time the proportion in England is about one in 17. But it is an interesting question whether the paupers have been starved to death or have ran away. The following is a comparative statement of the weekly totals of food supplied to an Irish pauper and that supplied to an English convict at the hulks:

WEEKLY TOTALS.

Pauper	Criminal
98 oz. brown bread,	189 oz. bread
56 oz. Indian meal,	7 pints of gruel
21 noggins butter milk,	7 pints of cocoa
3½ pints sweet milk,	3 pints of soup
Meat—none!	39 oz. cooked meat
Potatoes—none!	7 lbs. potatoes.

If a man desires to live in Great Britain, and is not able to support himself, let him be guilty of any other crime than poverty.

Frightful Accident.—A shocking accident occurred at Gloucester, N. J., on 31st ult, by which a boy named James McKeown, aged fourteen years, was killed, and a boy named Herman Alteragh was so seriously injured internally that his life is dispaired of. It appears that the boys attempted to amuse themselves with a Russian swing, which they were incapable of managing, and were thrown out. This swing is made by having two pieces of timber, each fifty feet in height, supported midway by an iron axle, which allows them to revolve. Attached to each end of the timbers is a box, in which persons desirous of swinging are seated. When not in use, one box is fastened near the earth, while the other is suspended in the air. It was in this position when the two boys got into the box and unloosened the hook, and the weights in the upper box being much heavier than the boys, caused it to swing up with great rapidity; in fact, so fast that the lower box in reaching the highest altitude, had no time to gain its proper level, and the boys were thrown out with great violence. McKeown struck a tree in his descent, breaking one of his legs. The other boy fell upon McKeown and thereby, it is supposed, averted immediate death. McKeown lived only a few minutes.

A Venerable Goose.—A correspondent of the Cincinnati Gazette, writing from Hunterdon County, N. J., says:—

"There is a goose in my neighborhood that has seen the frosts of 82 winters, owned by one Mr. Schomp. This goose, famous for its great age, has been kept in the Schomp family ever since the Revolutionary war. When the news came to the people of Readington Township, Hunterdon County, that the war was ended, and that they were a free people, they collected to have a general drinking jollification. There being some cause for a general rush into the yard, where there were four geese, three of these were killed, and the one that escaped is that which I now speak of.— Two years ago she laid four eggs, which she hatched. The young family are living and doing well. I was informed by Mr. Schomp, who has owned the goose for the last 50 years, of these facts."

The Great Eastern.—Our last advices from Europe furnish intelligence that the effort to raise the necessary funds for the completion of the "Great Eastern" steamship had failed, and that an attempt would be made to sell her to another company.

Should the statement prove correct, we doubt not that the steamer will be purchased by the Grand Trunk Company in London, and that she will be fitted up with all possible expedition, and be employed *permanently* on the line between Liverpool and Portland. If the steamship is sold it must be at an enormous sacrifice; and there is no company in Europe so well situated to purchase and fit this monster vessel for immediate service, where there is a prospect of a remunerative return, as the Grand Trunk Company.

A public dinner was given on the 22d ult., to Senator Hammond by his neighbors. A large portion of his speech on the occasion, was devoted to the relations of the North to the South. The Charleston Mercury sums up his views in the following propositions: 1st,— That if the South were well out of the Union, with her constitution and political institutions established and acknowledged, she would be more prosperous than she is now, or seems likely to be in the Union. 2d. That she had already achieved great victories over the North and that if they would unite and stand firmly, watchful, with their arms in order, on the constitution, truth, justice and their rights, with the *alternative* of a dissolution, there is reason to feel confident that they could not only sustain themselves in the Union, but control the country, and through it the world.

Enormous Mortality of Children in New York.—For the week ending Saturday, six hundred and ninety-eight deaths occurred in New York city, an increase of 91 on the previous week, and 177 more than during the same week in 1857. Of the deaths last week, 522, or over three quarters, were children of ten years and under.

A friend recently sold her "help," newly arrived, to boil the clothes, preparatory to washing. Several hours after, she found that the tea kettle had been filled, and was doing good service, but slowly, on account of its limited capacity.

SPECIAL NOTICES.

MUSIC:

HORACE CHASE,

Graduate of the Conservatorium der Music zu Leipzig

Will return to Bangor on or about the first of September, to establish himself as teacher of the Pianoforte, Organ, and the theory of Music.
Those desirous of securing his services in the above departments, are requested to leave their names with J. S. RICKER, Main Street. aug6 tf

Spiritualism.

REV. J. HOBART will Lecture in the City Hall, on next SABBATH Afternoon and Evening, August 8th. Subject for P. M., "Are the Scriptures an infallible guide in all matters of faith and practice?" For evening—"Divine Revelations." Hear and then judge.
aug6 2t

TAXES FOR 1858.

Treasurer and Collector's Notice.

The Assessors of the City of Bangor have committed to me the Tax Bills for the year 1858 under date of July 30 1858, and by a vote of the City Council I am authorized to abate 6 per cent on all taxes paid within one month from date of commitment.
SETH PAINE, Treasurer and Collector.
City of Bangor, July 30, 1858. 1m

DR. H. P. QUIMBY,

Of Belfast, having made arrangements to remain in Bangor a portion of the summer, will be found at his rooms at the HATCH HOUSE, on Wednesday, May 19th, to attend such persons as may desire his services.
Those calling upon the Doctor should understand that he can form as reliable opinion as by an examination of the case, and his examination is describing the feelings of the patient and deciding the disease. Price consultation with friends is of no value, and only occupies the time which is valuable. may19tf

CRAMP & PAIN KILLER.

The world is astonished at the wonderful cures performed by the CRAMP AND PAIN KILLER, prepared by CURTIS & PERKINS. Its equal has never been known for removing Pain in all cases, for the cure of Spinal Complaints, Cramp in the Limbs and Stomach, Rheumatism in all its forms, Bilious Colic, Chills and Fever, Burns, Sore Throat, and Gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine, are on circulars in the hands of Agents.
B. F. Bradbury & Co., Sole Agents, will supply the trade at New York prices. jy31 md&wly

Consumption, Bronchitis and Asthma.

DR. R. RICHARD CLAY

The successful cures of Diseases of the Throat and Lungs, can be consulted, free of charge, at his old office in the Hatch House, Bangor. Dr. Clay has devoted ten years to the pathology, diagnosis and treatment of the above diseases, hence his great success. Call immediately, as the Doctor's stay is limited.
Principal Office, 38 and 40 West Fourth Street, Cincinnati, Ohio. june19 tf

DIED.

TELEGRAPHIC

TO THE DAILY WHIG AND COURIER

SUCCESS OF THE [illegible]

The Old and New World United!

TRINITY BAY, N. F., Aug. 5.

The Atlantic telegraph fleet sailed from [illegible], Saturday, July 17th, 1858, and [illegible] mid ocean on Wednesday the 28th, [illegible] made the splice at one o'clock, P. M., on [illegible] the 29th, and separated. The Agamemnon and Valorous, bound to Valentia, [illegible] the Niagara and Gorgon for this [illegible] where they arrived yesterday, and this [illegible] the end of the cable will be landed. [illegible] nautical or 1950 statute miles from [illegible] telegraph house at the head of Valentia [illegible] the telegraph house at the Bay of [illegible] Arm, Trinity Bay, and for more than [illegible] of the distance the water is over [illegible] in depth.

The cable has been paid out from the Agamemnon at about the same speed as from the [illegible]. The electrical signals sent and received through the whole cable are perfect.— [illegible] for paying out the cable worked [illegible] satisfactory manner and was not [illegible] moment from the time the [illegible] made to the present moment.

[illegible] Hudson, Messrs. Everett and Woodhouse, the engineers, the electricians and officers of the ship, and in fact every man on board the telegraph fleet, has exerted himself [illegible] make the expedition successful, [illegible] by the blessing of Divine Providence, [illegible].

[illegible] end of the cable is landed and [illegible] with the land line of telegraph and [illegible] Niagara has discharged some cargo belonging to the telegraph company, she will go to St. John's [illegible], and then proceed at once to New York.

CYRUS W. FIELD.

PHILADELPHIA, Aug. 5.

The President, who is at Bedford, received [illegible] of the successful laying of the Atlantic cable through the agency of the [illegible]. The following is a copy of Mr. Field's message to the President:

TRINITY BAY, Aug. 5.

To the President of the United States, Washington:—Sir—The Atlantic Telegraph [illegible] the United States frigate Niagara, [illegible] H. B. M. steamer Agamemnon, was [illegible] July 29th, and has been [illegible], and as soon as the two ends [illegible] with the land lines, Queen Victoria [illegible] message to you, and the cable [illegible] open until after your reply has [illegible]. With great respect, your [illegible] servant,

CYRUS W. FIELD.

HALIFAX, Aug. 5, 9 P. M.

The Newfoundland line closed for the night, [illegible] furnishing any further intelligence [illegible] the Atlantic cable.

Telegraphic Rejoicings.

HALIFAX, 5th.

The most intense excitement prevailed throughout [illegible] on the announcement of [illegible] of the telegraph cable. It rained [illegible], but disregarding that, the citizens were [illegible] through the streets sans hats, sans umbrellas to the telegraph office, which was [illegible] by eager enthusiastics, to see Mr. Field's despatches. All the bells were rung. [illegible] and a general demonstration of [illegible] interest manifested. The civil, [illegible] naval authorities are going to [illegible] demonstration to-morrow, with [illegible], music, illuminations, &c.

[illegible] there was great rejoicing, and [illegible] manifested.

In New York the news of the success of the Atlantic telegraph enterprise created an unexampled sensation.

[illegible] despatches from all the principal [illegible] in the Union and Canada, [illegible] accounts of the enthusiastic [illegible] news of the success of the Atlantic telegraph enterprise. Public rejoicings [illegible] to take place, to-day, in [illegible] of the places heard from. We doubt [illegible] announcement, since that of the [illegible] of Independence, has caused such [illegible] in the United States as [illegible].

From Kansas.

LEAVENWORTH, Aug. 3.

[illegible] yesterday, the whole vote in [illegible] on the proposition for the admission [illegible] as a State, was 1749, of which 39 [illegible] the proposition accepted, and [illegible] rejected. This is the largest [illegible] polled in this city. The election, [illegible] of a slight disturbance in [illegible], passed off with the utmost [illegible] and without any serious incidents. [illegible] precinct there were 20 votes cast [illegible] and 50 against it.

Gov. [illegible] returned to the fort to-day.

WASHINGTON, August 5.

By arrival of the southern mail we learn [illegible] bark Penelope from Matanzas, for [illegible], has arrived at the Quarantine below, with fever on board. The captain [illegible] and several of the men had died, [illegible] commander, Capt. [illegible], was [illegible] from a ship at sea.

[illegible] papers say that the steamship [illegible] reports seeing a bark at [illegible] bound to New Orleans, name unknown.

[illegible] dates are to the 26th ult. The [illegible] says that seven bands of Camanches [illegible] combined for the purpose of waging war [illegible] the whites, and that they number [illegible] braves. The people were rallying [illegible] to repel them.

The Galveston Civilian says, that from present [illegible] cotton picking in Texas will [illegible] by the 1st Aug., and that unless [illegible] extraordinary calamity interferes, the crops [illegible] the largest ever procured in Texas.

[illegible] News of the 19th ult. had been [illegible] New Orleans. The government [illegible] Miramon, had triumphed over [illegible] troops at Queretaro, but [illegible] subsequently defeated.

[illegible] Constitutionalist while retreating [illegible] was attacked by Lobos, [illegible] Celaya, his forces routed [illegible] many of them taken prisoners. [illegible] afterwards summarily executed. [illegible] had been an outbreak in the district [illegible] in favor of the Constitution, [illegible] and Gen. Moreno of Tampico had [illegible] with 600 men, to endeavor to [illegible]. Previous to starting he issued a [illegible] to the Pronunciadoes, offering [illegible] amnesty on condition of surrendering their arms.

The war steamer Guerrero was at Tampico [illegible] defence.

Gen. [illegible] intended to send from San [illegible] 2000 men against Guanajuato, [illegible] were to leave San Luis on the [illegible] July, for the capital.

Gen. Caravajal was on the road between [illegible] and San Casequa, and Victoria, cutting off communication with the interior.

A patent has been re-issued to McCormick [illegible] improvements in his reaping machine.

SAVANNAH, August 4.

[illegible] Rivers has been arrested at the instance [illegible] Blount, and lodged in jail, in the absence of bail. Mrs and Miss Blount, it is reported, sustain Rivers.

From Utah.

ST. JOHNS, August 5.

A despatch [illegible], August 4th, says the Salt Lake mail has arrived but brings no news of importance. Order and quiet had been restored through out Utah, and the Mormons expressed themselves highly pleased with the territorial officers. Upon Gen. Johnston's entrance into the city, the [illegible] remaining Mormons fled.

Commissioners Powell and McCulloch having completed the duty assigned them, were passed at Fort Laramie, en route for home.

Gen. Johnstone had issued a proclamation prohibiting the soldiers and citizens from disturbing the Mormons or their settlements, nor were any troops allowed to enter the city under any pretext. The Indians were quiet.

ROCHESTER, Aug. 5.

There was a meeting of citizens this afternoon, and a committee of [illegible] was appointed to receive Gov. King and party and tender to them the hospitalities of this city. The party arrived at 7.40 P. M., and will leave to-morrow with a delegation of citizens to test the capacity of the canal for steam navigation.— Much interest is felt in the result of the experiment.

A post mortem examination of Dr. Biegler, by three physicians, shows that a tumor an inch and a half in diameter, at the base of his brain, caused his death. No appearance of poison was discovered.

TORONTO, C. W., August 5.

The ministerial crisis still continues, and the excitement has greatly increased to-day.

NEW YORK, August 5.

The U. S. sloop of war Jamestown sailed from Quarantine for Portsmouth, N. H., to-day.

New York Markets.

NEW YORK, Aug. 5.

Flour—State and Western 5 cents better— Superfine State 4,20 a 4,25; extra State 4,50 a 4,60; round hoop Ohio 5,10 a 5,30; common to good extra Western 4,50 a [illegible]; Southern firmer—mixed to good 5,05 a [illegible]; fancy and extra 5,30 a 6,75. Canada [illegible] nominal; extra 4,60 a 5,40.

Wheat firm, with a moderate demand—Chicago spring nominal a 80 a 9[illegible]; Milwaukie club [illegible] a 97 for unsound to fair; Western red 1,07 a 1,10; do white 1,12 a 1,15.

Corn, unsound firmer, sound less buoyant— mixed western 70 a 90; white 95 a 1,00; yellow 1,00 a 1,05.

Oats firmer—Southern and Jersey 32 a 45; Northern and Western 48 a 50.

Beef steady—Country Mess 11,25 a 12,00; prime nominal; repacked Chicago 12,25 a 14,00; prime mess nominal.

Pork unsettled—Mess 17,3[illegible] a 17,50; prime 14,75; western prime mess [illegible].

Sugar firm—Porto Rico 7 a 8[illegible]; Muscovado 7 a 9.

Coffee, Rio more active.

Molasses, New Orleans advanced 2 a 3 cts— New Orleans 46 a 50; Muscovado 31 a 33.

PURCHASE OF MILL PROPERTY. We learn that Lincoln Perry has purchased of R. H. Gardiner one-half of the "[illegible]" saw mill, on dam No. 3, being the same that has been leased by Mr Perry for a number of years past. We are glad to see the mill-property of our city passing, though but gradually into the hands of the operators.—*Gardiner Journal.*

CHARGE OF MURDER AGAINST MASTERS OF ENGLISH VESSELS. Two masters of English vessels, Capt. E. Fox of the Schiedam, and Capt. Meaham of the Reliance, were on the 19th of July taken before a board of magistrates at Sunderland, England, for having wilfully drowned a seaman named Thomas Barton. By the unanimous concurrence of the bench they were committed for trial on a charge of murder.

ARRIVAL OF THE FRIGATE CONSTELLATION.— The United States frigate Constellation, Capt. Charles H. Bell, last from Key West July 23, arrived at this port yesterday afternoon. The Constellation arrived at New York on the 6th of June last, from a cruise of thirty-four months in the Mediterranean, but in consequence of the alleged aggressions of British cruisers, she was forthwith ordered to the coast of Cuba, and sailed on the 13th of June, taking with her all her officers and two-thirds of her old crew. She has since been cruising in the West Indies.

SHIP JUNIOR. Mr Nelson Provost, mate of the ship Junior, of New Bedford, at the time the crew mutinied and murdered the captain and third officer, reached [illegible] on Saturday last. The mutineers are on their way to this country, and are expected at New Bedford daily. The following is the mode of their confinement:

"They are confined in cells or cages, six feet square, built of hard wood, and placed between decks, amidships, one on each side of the ship, each cell [illegible] with plate iron; the prisoners are in irons, but are allowed one hour each on deck every day. The cells are guarded by one of the officers all the time, and no communication is allowed between the prisoners and crew, nor can the mutineers communicate with each other."

The U. S. Government has awarded to Chas. A. Ferguson, owner of the ship Herefordshire, of London, the sum of $2174, for detention and expenses incurred by that vessel in rescuing the passengers and crew of the ship John Gilpin, wrecked off Cape Horn, and taking them to Bahia; also to Captain Thomas B. Scott, commander of the H., a service of silver plate, consisting of six pieces, for his noble conduct on that occasion.

THE RIGHT TO DUN.—No man should be delicate about asking for what is properly due him. If he neglects doing so he is deficient in that spirit of independence which he should observe in all his actions. Rights are rights, and if not granted should be demanded. The selfish would be little inclined to give one his own unless he have the manliness to demand it. The lack of the proper fulfilment of this principle has cost to many, fortune, fame and reputation.

NEWSPAPERARCHIVE®
NEWSPAPERARCHIVE®

BANGOR DAILY WHIG AND COURIER.

STEAMERS.

SUMMER ARRANGEMENT.

NEW YORK & PORTLAND.

The Splendid and Fast Steamer

Chesapeake,

Capt. SIDNEY CROWELL, will run regularly between *New York* and *Portland*, as follows:

Leave Brown's Wharf, Portland, every SATURDAY, at 4 P. M., and returning, leaves New York, Pier 12 N. R., every TUESDAY, at the same hour.

This vessel has just been fitted up with fine accommodations for Passengers, making this the most speedy, safe and comfortable route for travellers between New York and Maine.

—PASSAGE $5,00—including Fare and State Rooms.

Goods forwarded by this line to and from Montreal, Quebec, Bangor, Bath, Augusta, Eastport and St. John. Also, connects with steamers for Baltimore. Goods taken through with despatch, at the cheapest rates.

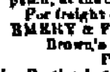

For freight or passage apply to
EMERY & FOX, H. B. CROMWELL,
Brown's Wharf, Pier 12 N. River,
Portland. New York.
Portland, April 2, 1858

California Steamers,

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, via Panama R. R.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense.* This is the *only* line giving entire Through Tickets, including *meals*, on the Isthmus.

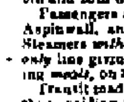

Transit made in *four hours, entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage without any detention on the Isthmus.

Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama, and tickets thus signed can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city. C. L. BARTLETT, Agent,
No. 16 Broad Street, Boston.
August 1, 1857 1y

Portland to Boston.

Summer Arrangement.

The Steamers LEWISTON, Capt. Geo. Knight, and the FOREST CITY, Capt. F. A. Prince will run as follows:

Leave Atlantic Wharf, Portland, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 7 o'clock P. M., and Central Wharf, Boston, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 5 o'clock P. M.

Fare in Cabin, $1,25
Fare on Deck, 1,00
Freight taken as usual.

Each Boat is furnished with a large number of State Rooms, for the accommodation of Ladies and families; and travelers are reminded that by taking this Line much saving of time and expense will be made, and that the inconvenience of arriving in Boston at late hours of the night will also be avoided.

The Boats arrive in season for the passengers to take the earliest trains out of the city.

The Company are not responsible for baggage to any amount exceeding $50 in value, and that personal, unless notice is given, and paid for at the rate of one passenger for every $500 additional value. L. BILLINGS, Agent.
June 12, 1857 dtf

American & Foreign Patents.

R. H. EDDY,

Solicitor of Patents,

(Late Agent of U. S. Patent Office, Washington under Act of 1837,)

76 State Street, opposite Kilby-st.,
BOSTON,

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same.—Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber, during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of Patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office, as Solicitor for procuring patents.—There were few, if any, persons acting in that capacity, who had so much business before the Patent office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

[From the present Commissioner.]

"August 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON,
Comm'r of Patents.

Bangor, Apr 27, 1858

American Safety Paper Manufacturing Company of N. Y.,

Capital $500,000.

A. NICHOLAS, President. Office, 70 Wall st.

A Perfect Security against all manner of Fraud or Counterfeiting on Paper—To Prevent Photographs and Anastatic Counterfeits, Erasures, Transfers or Alterations.

HAVING purchased the Patent for the exclusive right of manufacture and sale of the Chemical Paper in America, invented and patented in England by Henry Glynn, a celebrated chemist and officer in the British army, it is hardly necessary to say that the Paper is recommended by Mr. Kent, Assayer of the U. S. Mint, Mr. Lyman of the New York Clearing House and Meade Brothers, extensive and skillful photographers, 233 Broadway, N. Y. The latter say that no imitation can be made on a check or bank note printed on the Safety Paper. Below is our list of prices:

Bank Checks—Cents per lb.
Bank Bills—$18 for 1000 sheets.
Bills of Exchange—$25 for 1000 sheets.
Promissory Notes—40 cts. per lb.
Sight and Time Drafts—$25 for 1000 sheets.
Insurance Policies—40 cts. per lb.
Railroad Stocks and Bonds—40 cts. per lb.
Bank and State Stocks—40 cts. per lb.
Bonds and Mortgages—40 cts. per lb.
Wills and Deeds—40 cts. per lb.

For wrapping Silks and other fine articles it is excellent, as it prevents moths. 40 cts. a lb.

For Indentures and Agreements, 40 cts a lb.

All State and County Records should always be printed or written on this paper, as the chemicals inserted in the pulp not only prevents erasure or transfer, but makes it last 5000 years.

For Southern climates it is excellent, and superior to any other; as the moisture of the climate does not destroy it,—the properties inserted in the pulp being a preventive. In all the Southern States, Cuba, the West Indies, and the Central American States, no public records can be kept over 20 years, written on the ordinary paper, while the oils and other chemicals inserted in this paper makes it indestructible by the ravages of time. It is also proof against moths, rats and other vermin, which feast on and destroy all other paper now in use.

The Company have now in operation Mills in Morris County, N. J., of about 300 horse power, and are able to fill all orders for Paper at the shortest notice.

All orders for the Paper must be addressed to A. NICHOLAS, President of the Company, No 70 Wall street, New York.

To Mechanics, Inventors, and Manufacturers.

IN announcing the THIRTEENTH Annual Volume of the SCIENTIFIC AMERICAN, the Publishers respectfully inform the public that in order to increase and stimulate the formation of clubs, they propose to offer

One Thousand Five Hundred Dollars in Cash Premiums,

for the fifteen largest lists of subscribers sent in by the 1st of January, 1858; said premiums to be distributed as follows—

For the largest list $300; 2d, $250; 3d, $200; 4th, $150; 5th, $100; 6th, $90; 7th, $80; 8th, $70; 9th, $60; 10th, $50; 11th, $40; 12th, $35; 13th, $30; 14th, $25; 15th, $20

Names of subscribers can be sent in at different times and from different post offices. The cash will be paid to the orders of the successful competitors immediately after the 1st of Jan., 1858.

Southern, Western, and Canada money will be taken for subscriptions. Canadian subscribers will please to remit twenty-six cents extra on each year's subscription to pre-pay postage.

Terms of Subscription—Two Dollars a year, or One Dollar for Six Months.

Club Rates—Five Copies, for Six Months, $4; Five Copies for Twelve Months, $8; Ten Copies for Six Months, $8; Ten Copies for Twelve Months, $15; Twenty Copies for Twelve Months $28.

For all Clubs of Twenty and over the yearly subscription is only $1.40.

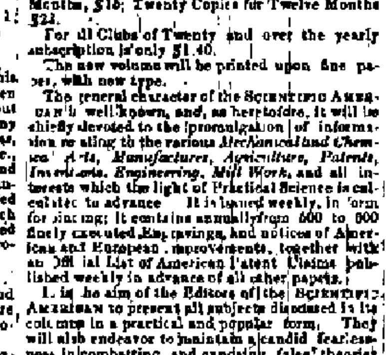

The new volume will be printed upon fine paper, with new type.

The general character of the SCIENTIFIC AMERICAN is well known, and, as heretofore, it will be chiefly devoted to the promulgation of information relating to the various *Mechanical and Chemical Arts, Manufactures, Agriculture, Patents, Inventions, Engineering, Mill Work*, and all interests which the light of Practical Science is calculated to advance. It is issued weekly, in form for binding; it contains annually from 600 to 800 finely executed Engravings, and notices of American and European improvements, together with an Official List of American Patent Claims published weekly in advance of all other papers.

It is the aim of the Editors of the SCIENTIFIC AMERICAN to present all subjects discussed in its columns in a practical and popular form. They will also endeavor to maintain a candid fearlessness in combatting and exposing false theories and practices in Scientific and Mechanical matters, and thus preserve the character of the Scientific American as a reliable Encyclopedia of Useful and Entertaining Knowledge.

Specimen copies will be sent gratis to any part of the country. MUNN & CO.,
Publishers and Patent Agents,
128 Fulton st, New York.

Bangor, December, 1857

FIRE AND MARINE INSURANCE.

CHARTERED BY LEGISLATURE, JUNE, 1855.

Authorized, Capital, $500,000 *Cash Capital paid in and securely invested*, $50,000.

OBED P. MILLER, Secretary. WARD COWING, President.

BOARD OF DIRECTORS—Ward Cowing, William A. Bradford, Samuel B. Darling, Edward B. Perry, George W. Hall, F. C. Gardiner, Obed P. Miller, Thomas A. Doyle, William B. Ryder, George Cleveland, Philip Ryder.

THIS Company Insures against Loss or Damage by Fire, on Stores, Merchandise, Dwellings, Mills, Manufactories, Hotels, &c; also on Marine and Inland Transportation Cargo Risks at the ordinary rates of premium.

Losses Promptly and Equitably Adjusted and Paid.

All premiums are made specific when Policies are issued, and are to be prepaid in money; and no further assessment in case of loss is to be made on the parties so insured. The advantages of a Stock System, which precludes the possibility of an assessment, are very obvious.

The Board of Directors have authorized the issues of Policies on country risks, detached on very low terms.

The Company expect to deserve the confidence of the public, by doing business on as favorable terms as any other similar institution, and by the utmost fairness and liberality in all their dealings.

Policies granted and issued to parties effecting Insurance, at once without delay, by the undersigned, at his office.

W. H. FLOWERS, Agent,
22 West Market Square,
E. S. FARRAR, Receiver. Bangor.

LINCOLN'S WATER PROOF BLACKING, AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician.

IS it not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? It is a truth that when leather is often wet and dried, it soon becomes hard, stiff, and crack; but when it is water-proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet, myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned. It will not only make leather water-proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet Tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

OLDTOWN HOUSE,

Oldtown, - - - - - Maine.

BY MRS. HARRIET STINSON.

The undersigned very respectfully informs her friends and the public generally, that she has lately refitted and refurnished the *Oldtown House*, and is prepared to accommodate all who may favor her with a call. Every attention will be bestowed upon guests and travelers, who are assured that for a brief or long stay, they will find their wants and comforts always cared for. The table will always be supplied with the best the market affords, and all the luxuries of the season.

In connection with the above House is a large and well finished hall, suitable for Dancing parties.

Connected with the House is one of the largest Stables in Oldtown; with the best accommodations for horses and teams, which is under the care of a faithful hostler.

Parties from Bangor, or other places, can be accommodated on reasonable terms, on giving a short notice. HARRIET STINSON.

THE LIVER INVIGORATOR,

PREPARED BY DR. SANFORD,

Compounded entirely from Gums,

IS ONE OF THE BEST PURGATIVE AND Liver Medicines now before the public

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, *purifying the blood*, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious attacks are cured, and, what is better, prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

One dose of two teaspoonfuls will always relieve *Sick Headache*.

Only one dose immediately relieves Colic, while

One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures Chronic Diarrhea in its worst forms, while Summer and Bowel Complaints yield almost to the first dose.

A few bottles will cure Dropsy by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, and all Fevers of a Bilious type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

Price One Dollar per Bottle.

STATE OF MAINE.

LAND OFFICE,
BANGOR, May 1, 1858.

IN the discharge of my duty as "Agent to superintend and manage the sale and settlement of the Public Lands" of the State, the following notice is hereby given of the

Terms and Conditions of Sale:

In the Revised Statutes of Maine, Chapter 5 may be found all the provisions of law in relation to

The Sale of Lands for Settlement.

Sec. 23. Out of townships located and designated for settlement, the Land Agent shall, from time to time, select, not exceeding ten in a year, to be offered for sale in lots for settlement; and publish a list of them and of the townships offered for sale and settlement in former years, in which lands still remain for sale, in some paper in each county in the State in which any paper is published, once a week for three months, within six months after the selection is so made, with the substance of so much of this chapter as relates to the terms and conditions of the sale and settlement of such lands.

Sec. 24. In townships so selected, in which suitable roads have not been located, the Land Agent shall cause such roads to be located as the public interest and the accommodation of the future settlement require.

Sec. 25. The price of the settling lots shall be fifty cents per acre, for which the purchaser shall give three notes, payable in one, two and three years, in labor on the roads in said township, under the direction of the Land Agent. The Land Agent shall thereupon give him a certificate, stating that he has become a purchaser of the lot or lots therein described, and that he will be entitled to a deed thereof, when he complies with the requirements of law. The certificate of the person appointed by the Land Agent to superintend the laying out of the labor on the roads, shall be evidence of the payment of the notes.—Only one lot, not exceeding two hundred acres, shall be granted to the same person.

Sec. 26. Beside the payment of the notes, every such purchaser shall be required, within two years from the date of his certificate, to establish his residence on his lot, and within four years from such date to clear, on each lot, not less than fifteen acres, ten at least of which shall be well laid down to grass; and to build a comfortable dwelling house on it.

Sec. 27. If the purchaser fails to perform any of the duties required of him, or to pay his notes, he forfeits all right to the land, and the Land Agent may dispose of it to another person.

Sec. 28. The Land Agent shall appoint some suitable person or persons in the vicinity to superintend the location of settlers, the payment of their road labor, and the performance of their several duties.

Sec. 29. Whoever purchases a lot of wild land of the State, not exceeding one hundred and sixty acres, and complies with the condition of purchase, may hold it with the improvements thereon, free from attachment and levy on execution, while he remains in actual possession thereof. The value so exempted shall not exceed one thousand dollars, to be set off to the owner in such portions of the lot as he directs, by the appraisers appointed to levy an execution, the same as real estate is set off and appraised on execution.

Sec. 30. On the decease of such purchaser, such lot and the improvements shall descend to his children, subject to his widow's right of dower, and shall not be liable to be sold for the payment of his debts, except in case his other property is not sufficient for the payment thereof; and, in that case, his children shall have the occupancy and improvement thereof, subject to the widow's dower until the youngest surviving child attains the age of eighteen years. The remainder of the estate, after the life estate of the widow, and after the youngest surviving child attains said age, may be sold as other estates of deceased persons for the payment of such debts as the other estate of the deceased is not sufficient to pay. If he dies without issue, such lot shall descend and be disposed of as any other property.

Sec. 31. No such purchaser, having a wife, shall convey his said lot by deed, unless his wife joins therein, and acknowledges it to be her free act and deed, before a proper magistrate.

Sec. 33. The Land Agent may sell at public or private sale for such price as he considers fair and for the interest of the State all tracts of land owned by the State on Islands or in incorporated towns.

Under the provisions of this law, there have been already located and designated for settlement, and by former Land Agents selected and published for sale, the following townships, viz:

Township	Acres unsold	Township	Acres unsold
11, R. 1,	6 747	9, R. 4,	21,312
B, R. 1,	10,002	17, R. 4,	22,890
C, R. 1,	22,640	3, R. 5,	21,117
D, R. 1,	6,499	4, R. 5,	6,404
E, R. 1,	21,780	6, R. 5,	2,585
F, R. 2,	14 349	8, R. 5,	13,093
G, R. 2,	19,440	10 R. 5,	16,777
H, R. 2,	3,147	11, R. 5,	9,205
L, R. 2,	23,040	5, R. 6,	14,138
12, R. 3,	16,017	9, R. 6,	11,428
13, R. 3,	23,040	11, R. 6	2,630
4, R. 4,	22,147	13, R. 6	1,413

In addition to the foregoing, there were located and designated for settlement, by a Resolve of the last Legislature, the following townships, viz:—Letter G, R. 1; L. and M., R. 2; East half of 2, R. 5; and 5, R. 3; all west from the east line of the State.

These townships will be lotted and ready for the market, as fast as the future wants of settlers shall require. The field notes and plans of all the townships which have been lotted for settlement, are in the Land Office, open for inspection, where all information within the means of the Agent, to secure to individuals and companies the benefits and privileges intended by the Legislature for *actual settlers*, will be cheerfully given. NOAH BARKER,
may18 w8m Land Agent.
